

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is electioneering and should be illegal. No one should be allowed to force public stations to air anti candidate propaganda so close to an election. This is bull and is cutting into our freedoms. Not only is media forcing anti-Kerry propaganda, but it is also banning anti-bush propaganda which is completely unfair and one-sided. Only you have the power to protect our airwaves and I, along with many others, would appreciate it if you would step in and do something to ban such electioneering and allow the candidates to get back to the issues at hand. Thanks for your time.
